Website address:

Explain: We are in the final phases of constructing our website. It is www.eagletelephone.com. When it is complete

it will have all the hearing aid compatibility information available to site viewers.

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: We are a very small company. When we advertise in the local paper we advertise that we have HAC handsets and we also use word of mouth to let people know what kind of handsets(and their capabilities) we offer. Our company personnel have been trained regarding HAC ratings such that if the question were to arise we would be able to provide the customer with a HAC handset.

Methodology for Functionality Levels

We use price range, m3/m4-t3/t4 ratings, whether or not the phone has a speaker phone capability, camera, vibrate, easy to read numbers, flip or open faced phone, bluetooth capabilities and internet/email capabilities.
